

MAKAI
POWER CATAMARANS

THE LUXURY SPORTS CRUISER
PREMIUM POWER CATAMARANS

MAKAI VISION

MAKAI Power Catamarans is dedicated to elevating the power catamaran experience by offering superior design and performance capabilities. Our vision is to become the ultimate choice in power catamaran brands, delivering high-performing, luxurious, and spacious vessels that redefine cruising excellence.

ABOUT MAKAI

MAKAI Power Catamarans is a brand dedicated to **manufacturing high-quality and luxury power catamarans worldwide**. The brand emerged from a recognized market need for power catamarans that excel in performance, are fuel-efficient, offer ample space, all while maintaining their luxurious appeal. With an experienced team boasting **over 20 years of collective working experience in the industry**, we made it **our mission to create power catamarans that offer something unique in the power catamaran market**.

To bring the MAKAI vision to life, we partnered with Italian sports yacht designer Emanuele Rossi to create a sports car inspired power catamaran design.

MAKAI represents more than just a power catamaran brand. We are driven by a **passion for innovation, luxury, and performance**, with a commitment to making exceptional yachting experiences easily accessible to all.

THE MAKAI M37

The MAKAI M37 is designed to seamlessly blend luxury and performance, setting a new powercat standard. Drawing inspiration from the timeless elegance and high performance of classic sports cars, our design team has created a boat that seamlessly blends opulence with high cruising capabilities.

At 37 feet, the model boasts a spacious cockpit and two large cabins, each equipped with en-suite heads, offering extensive comfort and space. Beyond its generous dimensions, the M37 distinguishes itself with its efficient hull design, delivering enhanced fuel economy and superior performance.

We are confident that the MAKAI M37 offers a truly unparalleled and exceptional boating experience, setting new standards in the market.

INTERIOR

MAIN CABIN

The master cabin on the M37 power catamaran features a private head, queen-sized bed, a floor-to-ceiling white oak wardrobe, under bed storage, and full-length mirror. Its bright and spacious interior volume, generous natural lighting, 204cm (6'8") headroom, queen mattress and excellent natural ventilation, provides the M37 with an owners cabin larger than most 40+ footers.

INTERIOR

GUEST CABIN

The guest cabin on the MAKAI M37 power catamaran features a private ensuite, double berth and kids single. The cabin provides enough separation and privacy to take this powercat cruising on lengthier passages with guests and children.

EN-SUITE HEADS

Both cabins are equipped with equally spacious en-suite heads, offering extensive privacy to the owners and their onboard guests. With a headroom of 204cm (6'8"), you can freely manoeuvre around and shower with ease. Each head includes a backlit mirror, towel rack, wash basin, ample storage and separate shower stall with electric heads.

THE MAKAI M37 OPEN

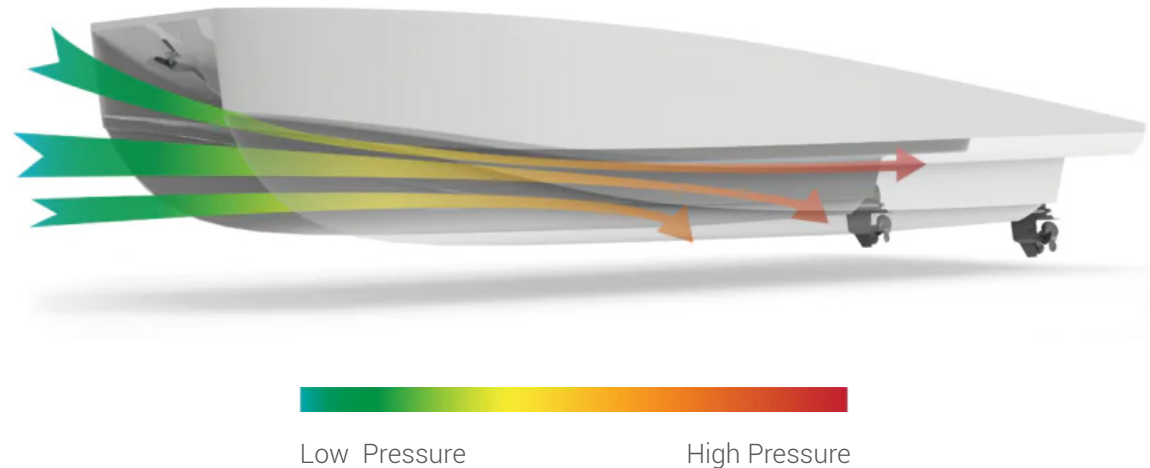

Introducing the MAKAI M37 OPEN: Designed for sun-loving adventurers seeking spaciousness and agility. Without the hardtop, the OPEN variant allows you to explore hidden lagoons and peaceful anchorages with clear and unobstructed views. Experience heightened speed and a deeper connection with the surroundings. Embrace a nautical lifestyle filled with sunlight, agility, and endless horizons.

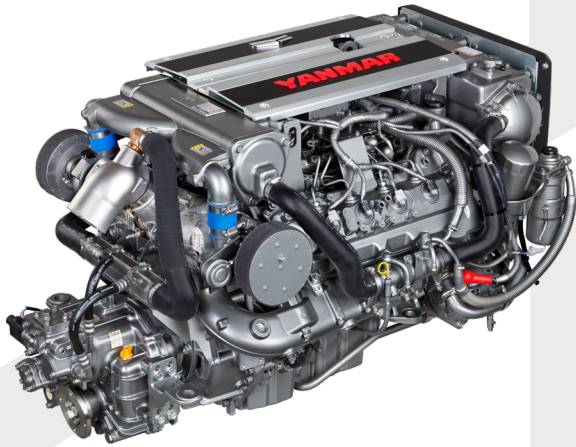

INNOVATIVE DESIGN

The MAKAI Air-Glide shock absorbing system enhances efficiency as speed increases. Extend your exploration with reduced fuel consumption, ensuring a care-free voyage. Benefit from the innovative tunnel design, offering a significantly smoother ride. Embrace efficient indulgence through the prowess of MAKAI's Air-Glide system.

CUSTOMIZE YOUR MAKAI

With MAKAI, you are not just an owner; you are the designer, shaping the ideal space for yourself.

Enjoy the freedom of creation with endless options, transforming your MAKAI into a reflection of your unique style. Customize colours, furnishings, and accessories to your preferences. Elevate your experience with an extensive electronics package, seamlessly integrating additional displays, advanced boating accessories, and comprehensive electronics. With endless possibilities, there is something for everyone.

INTERIOR COLOURS

MAKAI is dedicated to delivering luxury and quality through our choice of materials. To uphold this commitment, we've joined forces with Vyva fabrics, a renowned producer with a demonstrated history of crafting top-tier boating fabrics made of durable materials.

We currently provide five distinct exterior furniture color choices and three interior color package options. This offers you the freedom to customize your boat's colors according to your preferences, ensuring a vessel that reflects your unique style.

ENGINE OPTIONS

MAKAI provides a powerful and reliable propulsion system with its standard offering of twin 320hp Yanmar 8LV-320 inboard engines. Amidst the pursuit of enhanced performance, it is worth noting that diesel inboard sterndrive motors remain winners in the race for fuel efficiency.

However, for those seeking an unparalleled cruising experience, MAKAI also offers an enticing upgrade option. You can elevate your maritime adventures by upgrading to 370hp Yanmar 8LV-370 engines. This upgrade not only boosts the vessel's performance, but ensures an ultimate cruising experience characterized by enhanced speed, performance, and manoeuvrability.

Whether navigating open waters or exploring coastal landscapes, the option to upgrade to the 8LV-370 engines reflects MAKAI commitment to delivering a customizable and premium boating experience for enthusiasts who crave both power and precision on the water.

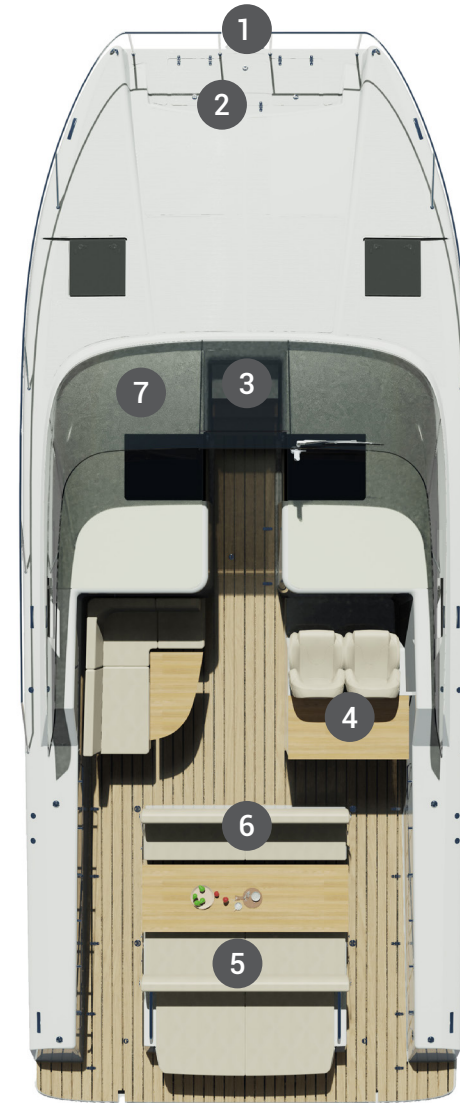

SURFACE DRIVE PERFORMANCE

The M37 features standard sterndrives, but enthusiasts can opt for an upgrade to the MAKAI QSPD Surface drive system. Developed in collaboration with Q-Marine, this advanced system enhances top-end performance, fuel efficiency, and reliability, surpassing traditional shaft drives. With MAKAI's innovative hull design, this upgrade not only improves overall performance but also reduces maintenance costs, offering a superior and efficient boating experience.

DECK LAYOUT

- 1 Bow boarding ladder
- 2 Concealed anchor windlass below deck
- 3 Passageway to foredeck with opening door
- 4 Galley equipped with 50l fridge, stove and sink
